

Windows 10: CODA Installation

- Plug a set of headphones into the CODA and insert the CODA into a USB-A slot. You can also connect CODA to a USB-C slot using the included OTG (USB-C to USB-A) adaptor. Please note, CODA will not show up on the computer without headphones plugged into it.
- 2. Open the Control Panel (hint: type 'Control Panel' into the Windows Search box).

3. Select 'Hardware and Sound'.
